FOR IMMEDIATE RELEASE

## CONCEPT CONSTRUCTION TO BUILD CORNERSTONE COMMUNITY FEDERAL CREDIT UNION'S NEWEST BRANCH

**MAY 9, 2022** – Lockport, NY. Cornerstone Community Federal Credit Union began serving their members in 1957. Today, 65 years later, they have more than 46,000 members and continue to add locations to best serve them. **Cornerstone chose Concept Construction Corp as their Construction Manager**, in the first steps toward assembling the best team possible to design and build their newest facility. Located at 5810 S. Transit Road in Lockport, the plans call for a brand-new façade and a completely new designed interior. “It’s going to look great,” says Vince Ricotta (VP of Business Development at Concept Construction). “We are completely reconstructing the existing 3,400 sq. ft. space and have already finished the interior demolition.” The architect team at Fontanese, Folts, Albrecht and Ernst were hired to design the project. “It’s been a pleasure working with the entire team,” says Cornerstone’s President & COO Mary Scheib. “Everything just came together nicely and we can’t wait to showcase the completed work to our members.” A new 3,800 sq. ft. teller building is also included in the overall project scope and is designed to safely and efficiently move members through the que.
